SEHRISH SABIR

DATA ANALYST

SUMMARY

Data Analyst with strong knowledge of SQL, Python, Power BI, Excel, and Data Visualization. Experienced in building interactive dashboards and analyzing business data through projects such as HR Attrition, OLA, Walmart, and PhonePe Analysis. Passionate about transforming raw data into meaningful insights to support business decisions.

WORK EXPERIENCE

Web Developer, UI/UX Developer

Biznweb Technology

Aug 2023-Sep 2024

- Developed web applications using HTML, CSS, bootstrap, JavaScript, jQuery and asp.net.
- Created the Mobile Responsive Users Experience Websites with Css Grids that allow the users to view at any device.
- Collaborated with teams to deliver business solutions.

PROJECTS

HR Attrition Dashboard | Power BI, SQL, Python

- Developed an interactive dashboard to analyze employee attrition trends.
- Used SQL for data analysis and DAX for KPI calculations.
- Identified key factors affecting employee turnover.

OLA Ride Analytics Dashboard | Power BI, SQL, Python

- Analyzed ride bookings, cancellations, and revenue trends.
- Created interactive dashboards and business insights.

PhonePe Transaction Analysis | Power BI, SQL, Python

- Analyzed transaction patterns and state-wise digital payment adoption.
- Developed interactive visualizations and business insights.

Walmart Sales Analysis | SQL, Power BI, Python

- Performed sales and customer analysis using SQL queries.
- Built dashboards to identify revenue trends and top-performing categories.

ACHIEVEMENTS

- Developed 4+ end-to-end Data Analytics projects using SQL, Power BI, and Excel.
- Built interactive dashboards for HR, Sales, Ride Analytics, and Digital Payments datasets.
- Solved 100+ SQL problems covering joins, subqueries, and window functions.
- Built and maintained project repositories on GitHub with documentation and presentations.
- Performed EDA using Python and Jupyter Notebook.
- Gained hands-on experience in data cleaning, transformation, and visualization using DAX and Power Query.
- Successfully transitioned from Web Development to Data Analytics by building practical projects.
- Created 15+ interactive dashboards and reports.
